FACULTY OF EDUCATION

B.ED. PROGRAMME

RULES, REGULATIONS AND CURRICULUM

The need for the establishment of Faculty of Education, Mahatma Gandhi Kashi Vidyapith was felt to generate awareness regarding various aspects of New Education Policy amongst the youngsters of purvanchal interested in teacher-training programmes. The classes for B.Ed. practically started in 1983 and after many years of painstaking efforts it could establish itself as a separate 'Education Faculty' with the approval from the U.P. Government in 1986-87. Since then the faculty has been providing courses leading to degrees at B.Ed., M.Ed. and Research levels and offering opportunities to the youngsters to pursue a career in education. Emphasis is being laid on the pursuit of a vision of competent teacher grounded in values and who are able to adopt teaching as a profession directed at self empowerment and thus play an important role in the development of the nation by aligning with the progressive venture and face of the country's mission.

1. PREAMBLE

The Bachelor of Education Programme, generally known as B.Ed. is a professional course that prepares teachers for upper primary or middle level (classes VI-VIII), Secondary level (Classes IX-X) and Senior Secondary level (Classes XI-XII).

2. DURATION

The B.Ed. programme shall be of duration of two academic years spread over four semesters.

3. WORKING DAYS

- a. There shall be at least two hundred working days each year exclusive of the period of examination and admission.
- b. The minimum attendance of student-teachers shall have to be 80% for all course work and practicum and 90% for school internship.

4. ELIGIBILITY

- a. Candidates with at least fifty percent marks (50%) either in the Bachelor's Degree and /or in the Master's Degree in Science/Social Science/Humanity, Bachelor's in Engineering or Technology with Specialization in science and mathematics with fifty five percent marks (55%) or any other qualification equivalent thereto, are eligible for admission to the programme.
- b. The reservation and relaxation of SC/ST/OBC/PWD and other categories shall be as per the rules of the Central Government/State Government, whichever is applicable.

5. ADMISSION PROCEDURE

Admission shall be made on merit on the basis of marks obtained in the qualifying examination and/or in the entrance examination or in accordance with any other procedure as

per the policy of the State Government/University.

6. If the Student has not completed theory courses, practicum and school internship he/she will not be allowed to appear in the B.Ed. examination.
7. During the study of B.Ed. course no student can avail the opportunity of any kind of full time or part time paid job. If any such cases are reported, his/her admission will stand cancelled.

8. EXAMINATION

- a. B.Ed. students can answer in English or in Hindi medium.
 - b. In the theory **First division** would be awarded to those students who have secured 60% and above, **Second division** to those who have secured 48% and above but below 60% and **Third division** to those getting a minimum of 40% in total and at least 36% marks in each theory course separately but less than 48% marks in aggregate.
 - c. In practicum those getting 60% and above will be placed in **First division**, those getting 48% and above but less than 60% will be placed in **Second division** and those with 40% and above but less than 48% in **Third division**.
 - d. The division in theory and practicum will be indicated separately towards the end of the fourth semester by aggregating the scores (credits) earned in the preceding three semesters and by adding the same to the scores of the fourth semester.
 - e. In the first and second semester for the assessment of practicum the board of examiners will consist of two internal members - one member from within/or outside the university and another of affiliated college second member from the concerned college in accordance with seniority through rotation and who will act as coordinator.
 - f. In the third semester during internship assessment of teaching competencies/skills will be carried out by a board of examiners, consisting of three members one being an External member from University other than Mahatma Gandhi Kashi Vidyapith, one internal member from within the university but not from the same college where evaluation is conducted and third member from the concerned college in accordance with seniority through rotation and who will act as coordinator.
 - g. The examiners for both theory and practicum of B.Ed. programme shall be appointed from a panel of examiners prepared by The Board of Studies in Education. In no circumstance the departure from this practice will be permitted.
 - h. In case of inflated markings in theory and practicum reported, the competent authority of the university shall have the right to review the same with the help of experts duly appointed for the purpose.
9. For the supervision of teaching practices, community work and practical examination partial allowance and reimbursement of expenditure for travel etc will be allowed on the basis of the rates, approved by The Vice Chancellor for university department and Management

The B.Ed. Two year Curriculum

The B.Ed. programme of Mahatma Gandhi Kashi Vidyapith, Varanasi is a two year course consisting of Theory Courses, Practicum and School Internship. Theory courses comprise perspective courses and courses in curriculum and pedagogy studies. In the practicum the focus is on engagement with the field. In the school internship the focus is on sustained engagement with learners and the school including engagement in continuous and comprehensive evaluation, school based innovative practices and community based interaction. The course aims at development of needed competencies and skills for an effective teacher in the 21th century class room processes and school context.

There will be theory courses of 1200 marks (48 Credits) and Practicum comprising of EPC (Enhancing Professional Competencies) and Internship I & II of 400 marks (16 Credits) spread over a period of two years in four semesters. The year wise and semester wise distribution of theory, practicum & internship programme with the weightage in terms of marks (credits) are indicated in the following plan.

The following is the outline of the courses and its layout Year / Semester wise.

Course BED 104 Action Research in Education

Objectives

- 1- To understand the meaning and difference between Fundamental, Applied and Action research.
- 2- To know about action research in improving class-room and school based programmes.
- 3- To understand the procedure of designing action-research, formulation of action-hypotheses and its evaluation.
- 4- To enable the students to develop school based project for action-research.

Course Outcomes

After completing this course the student will be able to -

- 1- explain and differentiate the Fundamental, Applied and Action research.
- 2- use various steps involved in action research in school based programmes.
- 3- design and implement school based action research project.
- 4- use action research strategy for improving school practices.

Course content

Unit-1

- A. Action research: Meaning, importance, characteristics and objectives of action research,
- B. Concept of fundamental and applied research, Difference between traditional (fundamental and applied) research and action research.

Unit-2

- A. Action research for improving class room and school based programmes,
- B. Role of stakeholders in action research projects. Role of action research in improving organizational climate.

Unit-3

- A. Procedure of designing action research: Selection of problem, Formulation of action hypotheses and developing a suitable design for testing of such hypotheses,
- B. Evaluation of results in action research and their usage

Unit-4

- A. Developing school based projects for action research ; Format of a project and its implementation. Determining intervention based effects in terms of pre-post comparison: Precautions needed.
- B. Formulating an action research based report for the benefit of other practitioners.

Transactional strategies

The course will be transacted in a projected mode. Each student teacher will be required to develop a short action research project individually and in groups under the guidance of faculty members of the concerned teacher education department. The projects may be based on school/classroom/community related problems in the areas of teaching/learning/evaluation and environmental management.

B.Ed. Second Semester

Course BED 201 Educational Technology and Computer Assisted Instruction

Objectives

- 1- To understand the concept of Educational technology.
- 2- To understand different models of teaching.
- 3- To evaluate communication as a process
- 4- To comprehend the use of computer in teaching.

Course Outcomes

After completing the course the student will be able to-

- 1- understand the various approaches of Educational technology.
- 2- understand the models of teaching.
- 3- gain knowledge on communication.
- 4- learn the use of computer in teaching.

Course content

Unit-1

- A. Educational Technology : Concept, Development of ET and its ramifications : Hardware, Software and system's approach , ICT (Information and Communication Technology) and its application for optimizing learning outcomes. Technology of Education, Technology in Education.
- B. Teaching : Meaning, Definition, Stages, Level, Form and Teaching Learning Process.

Unit-2

- A. Models of teaching: Meaning, Classification, Basic Teaching Model; Concept Attainment model, Inductive Thinking Model, Advance Organizer Model and Inquiry Training Model.
- B. Micro teaching : Meaning, Cycle (Indian & Western) importance. Simulation : Meaning, Process, Difference between Microteaching and Simulation.

Unit-3

- A. Communication : Meaning, Process, Model and Components of a communication Measures for Effective Communication.
- B. Planning, Organizing, Monitoring and Controlling in Teaching Learning systems : Developing unit plans and lessonplans to optimise learning outcomes.

Unit-4

- A. Examples of ET Approach: Programmed Instructional Approach, Personalised systems of Instruction; Use of Televised teaching and learning.
- B. Use of Computer in teaching: Computer Assisted Instruction, Computer literacy and computer programming, Use of Edu-sat, e-learning, m- learning, blended leaning,E-content : Meaning and development.

Transactional strategies

The course will be transacted with the help of diverse strategies/methods such as : modular presentations, power-point presentations involving intelligent use of ICT, programmed instructional material and projects prescribed individually and in groups.

Course BED 202 Assessment of Learning

Objectives

- 1- To understand the measurement, assessment and evaluation of learning and difference between their types.
- 2- To enable the students in designing class room test, reliability and validity of assessment tools.
- 3- To differentiate between different assessment procedures and interpretation of assessment indicators.
- 4- To know the various statistical techniques for analysis and interpretation of data.

Course Outcomes

After completing this course the student will be able to--

- 1- differentiate and explain assessment, measurement and evaluation along with their types.
- 2- design assessment tools for measuring learning outcomes.
- 3- interpret various assessment indicators and differentiate between assessment procedures.
- 4- acquire knowledge about various statistical techniques for data interpretation.

Course content

Unit-1

- A. Measurement, Assessment and Evaluation: Difference between the three in conceptual terms, Different types of Measures: nominal, ordinal, interval and ratio, Preparing assessment tools for learning outcomes at nominal, ordinal and interval levels.
- B. Formative and Summative Assessment procedure for various teaching – learning context- formal and non-formal.

Unit-2

- A. Characteristics of a good assessment tool: Determining reliability & validity of assessment tools.
- B. Designing classroom tests: Unit tests and periodic tests: Writing behavioural objectives and objective congruent test items, process of assessing difficulty and discrimination power of test, Developing norms -Institutional, local and regional.

Unit-3

- A. Interpretation of Assessment Indicators: Z score & percentile rank based comparisons, need and rationale, NRT (Norm referenced test) and CRT (Criterion referenced test).
- B. Differentiating between assessment procedures for Scholastic & Co-scholastic domain, Assessment procedure for measuring attitude, interest and personality characteristics, CCE (Continuous and Comprehensive Evaluation): concept and procedure with reference to Scholastic & Co-scholastic areas. Reporting of Assessment outcomes: Reporting formats and devices.

Unit-4

- A. Measures of Central Tendency & Variability. Measures of relative position: percentiles and percentile ranks.
- B. Measures of Correlation. Graphical representation of data and normal distribution.

Transactional strategies

- Workshop on designing assessment tools for diverse groups of learners.
- Writing of test items & their validation through individual and group based projects.
- Individual and group projects on preparation of question papers for use as formative and summative assessment tools.
- Critical evaluation of selected psychological tests on the basis on reliability and validity.

***Course BED 203* Contemporary Indian Education**

Objectives

- 1- To understand the various dimensions of Indian Education.
- 2- To help students understand the various quality parameters for educational institutions.
- 3- To enable the students to understand the features, problems and measures of educational systems at various levels of education.
- 4- To throw light on various centrally sponsored interventions and institutions: opportunities and rights.
- 5- To help the students to understand about various teacher education institutions, commissions and committees at various education levels.

Course Outcomes

After completing the course the student will be able to--

- 1- acquire the concept of general schooling, vocational education and various quality parameters.
- 2- understand the features of educational systems at various levels.
- 3- acquire knowledge about various centrally sponsored interventions and other institutions for school education.
- 4- contemplate the role of various education commissions and committees involved in teacher preparation at school level.

Course content

Unit-1

- A. The scenario of present Indian Education in terms of quantitative and qualitative dimensions with reference to general schooling and vocational education .
- B. Quality concerns for the educational institutions: Quality parameters and their observance.

Unit-2

- A. Educational systems at the primary and elementary levels of education: Issues of access and retention: Interventions used to address them: SSA (Sarva Shiksha Abhiyan) and universalization of enrolment: Hindrances in reaching the targets.
- B. Educational systems at secondary and senior secondary level of education: The Vocationalization of secondary level education; problems & measures to address them.

Unit-3

- A. Issues related to access, equality, equity and quality with reference to Novodaya school, Central school and NIOS (National Institute of Open Schooling) : their purpose and contributions to school education.
- B. Interventions introduced with a view to ensure equality of educational opportunity and Rights to Education: Enactments in this regard and their observance: Issues and challenges.

Unit-4

- A. Teacher Education Institutions at the primary, elementary and secondary level education: Role of NCTE and the function of NAAC.
- B. The Education Commissions & Committees in the post independence period: Their salient recommendations & the extent of implementation:
 - Education Commission (1964)
 - New Education Policy (1986)
 - National Curriculum Framework for teacher Education (2009)
 - National Educational Policy (2020)

Transactional strategies

The course will be transacted on the basis of important excerpts drawn from various education commissions in original and the discussions conducted on:

- Selected Readings of these from Education commissions' Reports.
- Various current issues in education.
- Reflective seminars/symposia.
- Critical/Creative presentations on selected themes relating to various levels of school education.

B.Ed.
Third Semester

Pedagogy of School Subjects – Course BED Code 301 and BED 302

Pedagogy of two school subject has to be selected from the following groups in which only one subject is to be selected from each group:

Group A	Group B	Group C	Group D
1. Hindi teaching	1. History teaching	1. Commerce teaching	1. Biology teaching
2. Sanskrit teaching	2. Geography teaching	2. Science teaching	2. Mathematics teaching
3. English teaching	3. Civics teaching	3. Home Science teaching	
	4. Economics teaching		

Third Semester

Group (A) 1. हिन्दी शिक्षण

उद्देश्य

1. पाठ्यक्रम का समीक्षात्मक अध्ययन कराना।
2. मातृभाषा शिक्षण के महत्व एवं उद्देश्यों से परिचित कराना।
3. हिन्दी शिक्षण के सन्दर्भ में पाठयोजना निर्माण की समझ उत्पन्न कराना।
4. भाषा शिक्षण में दृश्य-श्रव्य साधनों का प्रभावी अनुप्रयोग सम्बन्धी ज्ञान प्रदान कराना।

कोर्स प्रतिफल

प्रस्तुत कोर्स के अध्ययनोपरान्त विद्यार्थी—

1. माध्यमिक स्तर पर उ0प्र0 बोर्ड द्वारा निर्धारित पाठ्यक्रम का समीक्षात्मक अध्ययन करगें।
2. राष्ट्रीय एकता के विकास में हिन्दी का महत्व बता सकेंगे एवं ज्ञानात्मक, कौशलपरक, तथा सृजनात्मक उद्देश्यों से अवगत होंगे।
3. हिन्दी गद्य, पद्य एवं व्याकरण शिक्षण के सम्बन्धित पाठयोजना का निर्माण कर सकेंगे।
4. भाषा शिक्षण में दृश्य, श्रव्य एवं दृश्य-श्रव्य उपकरण तथा कम्प्यूटर का उपयोग कर सकेंगे।

इकाई 1

- अ. माध्यमिक स्तर पर उ0प्र0 बोर्ड द्वारा निर्धारित पाठ्यक्रम का समीक्षात्मक अध्ययन।
- ब. निर्धारित पाठ्यक्रम का भाषिक पक्ष एवं शिक्षण हेतु निहितार्थ।

इकाई 2

- अ. मातृभाषा शिक्षण एवं उसका महत्व, राष्ट्रीय एकता के विकास में हिन्दी की भूमिका, हिन्दी शिक्षण के उद्देश्य: ज्ञानात्मक, कौशलपरक, रसात्मक एवं सर्जनात्मक।
- ब. भाषा शिक्षण एवं भाषा विज्ञान: ध्वनि विज्ञान, पद विज्ञान, वाक्य विज्ञान एवं अर्थ विज्ञान, भाषा शिक्षण एवं उच्चारण: शुद्ध उच्चारण का महत्व, उच्चारण में दोष, कारण एवं निदान।

इकाई 3

- अ. हिन्दी शिक्षण की विधियाँ : गद्य शिक्षण, पद्य शिक्षण एवं व्याकरण शिक्षण के सन्दर्भ में पाठयोजना : आवश्यकता, विभिन्न प्रकार, निर्माण के पद।
- ब. भाषा शिक्षण में पाठ्य पुस्तकों का महत्व, उद्देश्य एवं उनके प्रकार।

इकाई 4

- अ. भाषा शिक्षण में दृश्य-श्रव्य साधनों की भूमिका: दृश्य उपकरण, श्रव्य उपकरण, दृश्य-श्रव्य उपकरण एवं कम्प्यूटर।
- ब. हिन्दी शिक्षण एवं मूल्यांकन की नवीन प्रविधियाँ।

Mapping

Course Outcomes	1	2	3	4
Mapping of Course Contents with Course Outcomes	Unit-1 25	Unit-2	Unit-3	Unit-4 4

- चतुर्वेदी, सीताराम : भाषा की शिक्षा, हिन्दी साहित्य कुटीर, वाराणसी।
- तिवारी भोलानाथ : भाषा विज्ञान, किताब महल, 22ए, सरोजनी नायडू मार्ग, इलाहाबाद।
- पाण्डेय, रामशकल : हिन्दी शिक्षण, विनोद पुस्तक मन्दिर, आगरा।
- चतुर्वेदी, शिखा : हिन्दी शिक्षण, आर. लाल बुक डिपो, मेरठ।

Group (A) 2. संस्कृत शिक्षण

उद्देश्य

1. संस्कृत विषय का भाषिक पक्ष एवं अन्य भाषाओं से सम्बन्ध की समझ उत्पन्न करना।
2. संस्कृत उच्चारण एवं भाषा शिक्षण में पाठ्य पुस्तकों की उपयोगिता सम्बन्धी समझ उत्पन्न करना।
3. संस्कृत शिक्षण में सहायक सामग्री एवं पाठ्योजना निर्माण के चरणों का ज्ञान कराना।
4. संस्कृत शिक्षण की विधियों से अवगत कराना।

कोर्स प्रतिफल विद्यार्थी

प्रस्तुत कोर्स के अध्ययनोपरान्त विद्यार्थी—

1. उ०प्र० माध्यमिक बोर्ड द्वारा निर्धारित पाठ्यक्रमों को समझ सकेंगे तथा संस्कृत का हिन्दी भाषा से सम्बन्ध बता सकेंगे।
2. संस्कृत के उचित उच्चारण को अपने जीवन में अपना सकेंगे।
3. संस्कृत शिक्षण हेतु पाठ्योजना का निर्माण करगें।
4. संस्कृत शिक्षण की उचित विधियों को प्रयोग करेंगे।

इकाई 1

- अ. उ०प्र० माध्यमिक बोर्ड द्वारा निर्धारित संस्कृत विषय का पाठ्यक्रम उसका भाषिक पक्ष एवं शिक्षण हेतु निहितार्थ।
- ब. संस्कृत विषय का अन्य विषयों/भाषाओं से सम्बन्ध।

इकाई 2

- अ. संस्कृत भाषा में उच्चारण सम्बन्धी छात्रों की कठिनाइयाँ, ध्वनि विज्ञान, उच्चारण—दोष, कारण एवं निवारण।
- ब. भाषा शिक्षण में पाठ्यपुस्तकों का महत्व उद्देश्य एवं उनके प्रकार।

इकाई 3

- अ. संस्कृत शिक्षण में शैक्षणिक उपकरण एवं सहायक सामग्री—भाषा प्रयोगशाला, दृश्य सामग्री, दृश्य एवं श्रव्य सामग्री, कम्प्यूटर समर्थित अनुदेशन।
- ब. संस्कृत शिक्षण हेतु पाठ्योजना निर्माण, अर्थ प्रकार, विभिन्न पद एवं उपयोगिता।

इकाई 4

- अ. संस्कृत शिक्षण की विधियाँ : गद्य के सन्दर्भ में, पद्य के सन्दर्भ में, व्याकरण के सन्दर्भ में,
- ब. संस्कृत में मूल्यांकन की नवीन प्रविधियाँ।

Mapping

Course Outcomes	1	2	3	4

अध्ययन ग्रन्थ

- गुप्त, मनोरमा : भाषा शिक्षण सिद्धान्त और प्रविधि, केन्द्रीय हिन्दी संस्थान, आगरा।
- चौबे, विजयनारायण : संस्कृत शिक्षण विधि, हिन्दी संस्थान, लखनऊ।
- पाण्डेय, रामशकल : संस्कृत शिक्षण, विनोद पुस्तक मन्दिर, आगरा।
- तिवारी भोलानाथ : भाषा विज्ञान, किताब महल, 22ए, सराजनी नायडू मार्ग, इलाहाबाद।
- द्विवेदी, वाचस्पति : संस्कृत शिक्षण विधि, सुशील प्रकाशन, चौक पटना।

Group (A) 3. English Teaching

Objective

- 1- To explain the principles of language teaching.
- 2- To enable the students to use the appropriate method of teaching.
- 3- Make use of teaching aids appropriate for second language.
- 4- Prepare the lesson plan for teaching at different stages.

Course Outcomes

After completing the course the student will be able to--

- 1- formulate effective analysis of English language teaching.
- 2- correct pronunciation defects in English language.
- 3- use audio- visual equipment and computers in teaching English language.
- 4- use different methods of teaching English.

Course content

Unit- 1

- A. A critical study based on the survey of the english language course prescribed at the school level and the implications for pedagogy of English.
- B. Aspects of English language prescribed : English Grammar, Vocabulary and Usage.

Unit-2

- A. Nature of English language: Some implications for organizing teaching of English as a second language, role of English language in India today, Objectives of teaching English at junior and senior stages of school.
- B. English sounds: Segmental and supra segmental phonemes in English, English morphemes: derivational and inflectional, English syntax: Basic and transformed sentences in English.

Unit-3

- A. Methods of teaching English: direct method, bilingual method: pattern practice, teaching methods for prose, poetry, grammar, reading, writing and composition.
- B. Drills and exercises in teaching of English.

Unit-4

- A. Use of audio-visual and technological aids in teaching of English.
- B. Testing and evaluation in English as a second language. Uses of the mother tongue and teaching of translation in English.

Group (B) 1. History Teaching

Objective

- 1- To understand the importance and utility of History teaching.
- 2- To understand the relationship of History with other subjects.
- 3- To enable the student to prepare correct format of History lesson plans.
- 4- To enable the students aware of evaluation strategies in history teaching.

Course Outcomes

After completing the course the student will be able to--

- 1- explain the need and principles of teaching History.
- 2- know various methods of History teaching.
- 3- know how to write history lesson plan for different classes.
- 4- Acquire the skills of using proper evaluation strategies.

Unit- 1

- A. A critical study of content of history prescribed at school level and its pedagogic implication.
- B. History Teaching – Concept, Scope, Need and Place of History teaching in school curriculum, Aims and Objectives of history teaching at different stages.

Unit- 2 –

- A. Curriculum of History: concept and principles of curriculum in construction, Relationship of history with other subjects.
- B. Different method of History teaching- Story, Explanation, Project and Discussion method.

Unit- 3

- A. Teaching material in History teaching and its importance, teaching chronology.
- B. Lesson planning in History Teaching: meaning, Different types of lesson plans.

Unit- 4

- A. Evaluation in history, Construction of achievement test based on objective type items and determination of its Reliability and Validity.
- B. History class and history teacher, Excursions and Museum: its importance.

Practical Work

1. *Developing a Unit- test on any topic.*
2. *Essay writing on any research related to history.*

Group (B) 2. Geography Teaching

Objective

- 1- To understand the concept of geography teaching.
- 2- To provide the knowledge of importance and objectives of Geography teaching in school curriculum.
- 3- To know about the different methods for Geography teaching.
- 4- To know about the evaluation strategies in Geography teaching.

Course Outcomes

After completing the course the student will be able to--

- 1- know the concepts of Geography teaching.
- 2- acquire the basic knowledge the objectives of teaching Geography at different levels of the class.
- 3- know about different methods in teaching Geography.
- 4- know how to construct achievement test in Geography teaching.

Unit-1

- A. A critical study of content of geography prescribed at school level and its pedagogic implication.
- B. Geography teaching: Meaning, Nature, Need and Place of Geography in curriculum.

Unit-2

- A. Aims and objectives of Geography teaching. Qualities of good Geography teacher.
- B. Curriculum of Geography- Concept and Principles of curriculum construction.

Unit- 3

- A. Methods of Geography Teaching – Observation method, Inductive and Deductive method, Lecture method, Excursion method, Demonstration method, Regional method, Comparative method, Project method, Sample study method, Concentric method and Problem solving method.
- B. Lesson plan for Geography Teaching: techniques, related materials and their utility.

Unit- 4

- A. Evaluation procedures for measuring achievement in Geography, construction of achievement test, and determination of its reliability and validity.
- B. Geography lab, library and club.

Practical Work

- *Making of a model and drawing maps related to the subject.*
- *A Critical analysis of the teaching methods used in geography teaching in any two schools of Varanasi.*
- *Writing an essay based on innovative practices and events related to geography.*

Group (B) 3. Civics Teaching

Objective

- 1- To understand the place, scope, need and importance of Civics teaching.
- 2- To understand the relationship between Civics and other subjects.
- 3- To know about the use of different methods of Civics teaching.
- 4- To enable the student to understand the importance of teaching aids in civics teaching.

Course Outcomes

After completing the course the student will be able to--

- 1- understand the concepts of Civics teaching.
- 2- know about the importance and objectives of Civics teaching in school curriculum.
- 3- use different methods for civics teaching.
- 4- know how to construct achievement test in civics teaching.

Course content

Unit- 1

- A. A critical study of the content of civics prescribed at school level and its pedagogic implications.
- B. Teaching of Civics : Meaning, nature, need, importance and relation with other school subjects.

Unit- 2

- A. Aims and Objectives of Civics teaching at the school level.
- B. Curriculum of Civics Teaching – Concept and Principles of curriculum construction.

Unit- 3

- A. Methods of Civics Teaching: Lecture method, Discussion method, Source method, Project method, Brain storming method, Simulated Teaching method and Problem solving method.
- B. Format of various lesson plans: importance and construction of lesson plan for Civics Teaching.

Unit- 4

- A. Importance and application of teaching aids in Civics Teaching, Activities for civics teaching, civics room and library, civics teacher.
- B. Evaluation in Civics : Construction of achievement test based on objective type items and determination of its Reliability and Validity.

Practical Works

1. *Constructing Unit- tests based on Civics curriculum at school level.*
2. *Writing an essay based on amendments in constitution.*

Group (B) 4. Economics Teaching

Objective

- 1- To understand the importance and objectives of Economics teaching in school curriculum.
- 2- To know about the different methods of teaching in Economics.
- 3- To motivate students to Make proper lesson plan of Economics teaching.
- 4- To know about the importance of library and club in Economics teaching.

Course Outcomes

After completing the course the student will be able to-

- 1- understand the aims and objectives of teaching economics at different levels of teaching.
- 2- learn different methods for economics teaching.
- 3- get acquaintance with how to create lesson plans for different classes in economics teaching.
- 4- understand the importance of library and club in economics teaching.

Course content

Unit-1

- A. Content of Economics as a school subject at a glance: Its pedagogic implications in terms of interdisciplinary approach.
- B. Economics Teaching: Nature, Scope and Place of economics teaching in school curriculum, Aims and Objectives of Economics teaching at different levels.

Unit-2

- A. Economics curriculum : Concept, Principles of Curriculum construction in economics: critical analysis of present curriculum implemented at different levels of Education, Correlation of Economics with other subjects.
- B. Methods of Economics Teaching : Simulated Teaching, project method, lecture method, discussion method, brain storming and methods based on small groups.

Unit-3-

- A. Teaching aids & their use in Economics teaching.
- B. Lesson planning in Economics Teaching: Meaning, types and importance.

Unit-4

- A. Methods of evaluation in Economics Teaching, Construction of achievement tests and determination of its reliability and validity.
- B. Economics library and club.

Practical Work

1. *Construction of Unit- test in subject of economics at school level.*
2. *Essay writing on new researches and events related to economics.*

Group (C) 1.

Commerce Teaching

Objective

- 1- To understand the place of Commerce teaching in school curriculum.
- 2- To know the correlation of Commerce with other subjects.
- 3- To enable them understand methods of teaching in Commerce teaching.
- 4- To equip the student to make lesson plan of Commerce teaching.

Course Outcomes

After completing the course the student will be able to-

- 1- analyse critically the importance of commerce teaching in school curriculum.
- 2- obtain the knowledge about the correlation with others subjects.
- 3- get acquaintance with various teaching methods on commerce teaching.
- 4- learn to adopt the right way of planning lessons in commerce teaching.

Course content

Unit-1

- A. A critical study of the content of commerce as a school subject and its pedagogic implications.
- B. Commerce Teaching: Meaning, Scope, Need & Use. Place of Commerce Teaching in school curriculum, Aims and Objectives of Commerce teaching at different levels.

Unit-2

- A. Commerce curriculum: Concept, Principles of curriculum construction.
- B. Correlation of commerce with other subjects, Commerce book passed on CCE pattern.

Unit-3

- A. Methods of Commerce Teaching: Simulated teaching, Project method, Lecture method, Problem solving method, Brain storming, Inductive: Deductive method, Synthesis & Analysis method.
- B. Teaching aids in Commerce Teaching: Kinds and Use, Library, Club.

Unit-4

- A. Construction of lesson plan in commerce teaching: Formats and Use.
- B. Evaluation in commerce : Construction of achievement test based on objective type items and Determination of its Reliability and Validity.

Practical Work

1. Construction of unit- test for subject of commerce at school level.
2. Essay writing on important national / international events related to Commerce.

Group (C) 2. Science Teaching

Objective

- 1- To understand the objectives of general Science teaching.
- 2- To clarify different teaching methods and curriculum constructions.
- 3- To acquire the knowledge about importance of Science laboratory.
- 4- To enable the student to develop interest in scientific activities along with curricular activities.

Course Outcomes

After completing the course the student will be able to-

- 1- Understand nature, need and scopes of science teaching.
- 2- Learn different methods of science teaching.
- 3- Equip themselves with the knowledge of proper use of science laboratory.
- 4- Get acquaintance with the knowledge of science fair, exhibition, and club.

Course content

Unit- 1

- A. A critical study of the content of science prescribed at school level and its pedagogic implications.
- B. Science Teaching: Nature, Need and Scope and Its correlation with other subjects, Value of science in present day living and its place in curriculum, Objectives of science teaching: objectives at different levels, Revised Bloom's taxonomy, methods of writing instructional objectives in behavioural terms viz, mager's method and RCEM.

Unit- 2

- A. Science teaching methods- Lecture method, Lecture-cum-demonstration method, Heuristic method, Project method, Assignment method and Modern trends in science teaching viz-e-learning, Team teaching, integrated approach.
- B. Teaching aids in science teaching- meaning, types, significance, qualities of a good teaching aid, self improvised apparatus and teaching aids, steps for effective use of audio-visual aids.

Unit- 3

- A. Science laboratory: Organization and structure of science laboratory, administration, maintenance and safety measures in the lab and first aid kit, Science library: need & importance along with different activities of library.
- B. Science lesson plan- meaning, characteristics, major steps involved in lesson planning, Format of lesson plan, Different type of lesson plan based on different approaches.

Unit- 4

- A. Evaluation in science: Construction of achievement test based on objectives type items and determination of its Reliability and Validity.
- B. Co-curricular activities: Science fair & exhibitions, Science club, Excursion- Visit to science museum& Science Park, Concept mapping, Constructivist approach in science teaching.

Practical work

1. Construction of low cost improvised apparatus.
2. Construction of a lesson plan based on constructivist approach.

Group (C) 3. Home Science Teaching

Objective

- 1- To provide knowledge about importance and relevance of Home science teaching.
- 2- To provide awareness about different equipments of Home Science lab.
- 3- To impart Knowledge about the methods of teaching Home Science.
- 4- To understand the different methods of evaluation in Home Science.

Course Outcomes

After completing the course the student will be able to -

- 1- understand the need and relevance of Home Science teaching.
- 2- equip themselves with the knowledge of proper use of Home Science laboratory equipment .
- 3- learn different method of Home Science teaching .
- 4- learn to use appropriate methods for evaluation in Home Science teaching.

Course content

Unit- 1

- A. A critical study of the content of home science prescribed at school level: The interdisciplinary nature of the content and its pedagogic implications.
- B. Home Science teaching: Need, relevance and correlation of home science with other subjects, Objectives of home science teaching at school level.

Unit- 2

- A. Home science curriculum: Concept, Principles of curriculum construction.
- B. Home science laboratory equipments needed- building, arrangement of residence making and decoration.

Unit- 3

- A. Methods of Home Science Teaching- Lecture, Lecture cum demonstration, Laboratory method, Project method.
- B. Lesson planning in Home Science teaching: Format, Characteristics, Need and Importance. .

Unit- 4

- A. Use and importance of material aids in home science teaching, tour, exhibition and its importance.
- B. Evaluation in home science : construction of achievement test based on objective type items and determination of its reliability and validity.

Practical Work

1. Preparation of Unit- tests in home science.
2. Essay writing based on different researches related to interior decoration.

Group (D) 1. Biology Teaching

Objective

- 1- To understand objectives of biology teaching.
- 2- To clarify the teaching methods and curriculum contractions.
- 3- To develop interest in biology laboratory work, bio club and botanical garden.
- 4- To equip the student to construct lesson plan on the basis of different approaches and teaching models.

Course Outcomes

After completing the course the student will be able to -

- 1- Learn to write objectives of biological teaching.
- 2- Learn different methods of biology teaching..
- 3- Equip themselves with the knowledge how to use co-curricular activities in biology teaching.
- 4- Learn to adopt the of lesson planning in biology teaching correct format.

Course content

Unit- 1

- A. A critical study of the content of biology prescribed at school level and its pedagogic implications.
- B. Biology teaching: nature, need & scope its correlation with other subjects; Place of Biology in school curriculum, difference between curriculum and syllabus, Principles of curriculum constructions. Aims and objectives of biology teaching, methods and techniques of writing specific objectives in behavioural term. Revised bloom's taxonomy, difference between general & specific objectives.

Unit- 2

- A. Methods of Biology teaching: lecture method, lecture-cum-demonstration method, problem solving method, heuristic method, project method & laboratory method. Modern trends in biology teaching-e-learning, team teaching, integrated method, discrepant event approach.
- B. Biological laboratory- Need and significance of laboratory work, administration and safety measures in the lab and first aid kit, low cost improvised apparatus, maintenance of Biology laboratory. Biology library-need & importance.

Unit- 3

- A. Learning in Biology: Constructivism vs Behaviourism, Meaning & difference between constructivist & behaviourist approach. Constructivist classroom, teacher and lesson. Concept mapping- meaning, definition & its significance.
- B. Teaching Aids- meaning, type, significance & principles of the selection of proper teaching aids & their use. Co-curricular activities in Biology- visit to community resources, botanical garden, aquarium, vivarium & terrarium and their construction, bio-club, eco-club.

Unit- 4

- A. Evaluation in Biology: Construction of achievement test based on objective type items and determination of its Reliability and Validity.
- B. Lesson plan- characteristics, different approaches, major steps involved in lesson planning, format of lesson plan. Importance of lesson plan and different types of lesson plan based on different models of teaching viz. BTM & Biological inquiry training model.

Practical work

1. *Construction of an achievement test.*
2. *Construction of a lesson plan based on constructivist approach.*
3. *Essay writing on any innovation in Biology teaching & research.*

Group (D) 2. Mathematics Teaching

Objective

- 1- To understand the contribution of great mathematicians.
- 2- To Know the place of mathematics in school curriculum.
- 3- To enable them understand various teaching methods in mathematics teaching.
- 4- To equip the students to develop standardized achievement test in mathematics.
- 5- To equip the students to Prepare lesson plan of mathematics teaching.

Course Outcomes

After completing the course the student will be able to -

- 1- Learn the contribution of Aryabhata, Ramanujan Pythagoras and Bhashkaracharya in the subject of mathematic.
- 2- Understand and apply the objectives of mathematics subject at different levels.
- 3- Learn different methods of mathematics subjects.
- 4- Learn to adapt the correct format of on planning is mathematics teaching.

Course content

Unit-1

- A. A critical study of the content of mathematics prescribed at school level and its pedagogic implications.
- B. Contribution of Great Mathematicians: Aryabhata, Bhaskaracharya, Ramanujan, Gauss and Pythagoras, Place of mathematics in school curriculum, Correlation of mathematics with other subjects.

Unit-2

- A. Aims and objectives of mathematics teaching, Qualities of a good math teacher.
- B. Curriculum of mathematics: concept and principles of curriculum construction.

Unit-3

- A. Methods used in mathematics teaching- Inductive-Deductive method, Analytic and Synthetic method, Lecture method, Heuristic method and Project method.
- B. Using various techniques for teaching mathematics viz Oral, Written, Drill And assignment or homework.

Unit-4

- A. Lesson plan and teaching aids in mathematics teaching. Mathematics Library, Laboratory and club.
- B. Evaluation in mathematics : Construction of achievement test based on objective type items and determination of its reliability and validity.

Practical work

- *Preparing Unit- test based on Mathematics curriculum at school level and determining the difficulty level and discrimination power of items included in the test.*

Course BED 303 Knowledge and Curriculum

Objectives

- 1- To understand the concept of knowledge and information.
- 2- To provide knowledge about the approaches and Designs of curriculum development.
- 3- To know them concept of curriculum transaction.
- 4- To provide knowledge about curriculum for catering learner diversity.

Course Outcomes

After completing the course the student will be able to -

- 1- Explain the concept of knowledge ad information.
- 2- Analysis different approaches of curriculum development.
- 3- Learn the various curriculum transactional strategies.
- 4- Learn process of curriculum evaluation.

Course content

Unit-1

- A. Knowledge: Meaning Nature, Difference between knowledge Belief & troth. knowledge Process.
- B. Knowing Process, facts of knowledge, Source of knowledge Reflection on knowledge, Process of knowledge creation.

Unit-2

- A. Curriculum: Concept, Nature Importance curriculum and Syllabus, Core Curriculum, Hidden Curriculum Spiral Curriculum -Behaviorist, Cognitivist and Constructivist perspectives.
- B. Curriculum determinants: Meaning & Role of Teacher Learner, School & Community as Curriculum determinants.

Unit-3

- A. Curriculum Design Meaning Model: Subject Centered, Learner Centered & Problem Centered, Curriculum Development and Its Phases .
- B. Difference between Direct and Indirect curriculum transactional strategies: Interactive discussions, Team teaching, Inquiry training, Experiential learning and Brain storming.

Unit-4

- A. Curriculum Evaluation : Meaning, Process and CIPP Model.
- B. Learner need, Meaning of Learners' diversity in terms of sociological perspectives, Issues of congruence between need of learners and the content.

Transactional strategies

The course will be transacted with the help of multiple pedagogic procedures such as :

- Interactive discussions including group discussions.
- Brainstorming sessions
- School visit based reflective discussions
- Projects – individual & group based.

Course BED 304 Inclusive Education

Objectives

- 1- To understand the meaning, concept and need of inclusive education.
- 2- To learn the domains of inclusive education.
- 3- To know various policies, programmes and curriculum to create an inclusive school.
- 4- To understand the evaluation practices related to inclusive education.

Course Outcomes

After completing this course the students will be able to-

- 1- analyse the negative effect of practices of exclusion.
- 2- practice the values of inclusive education and analyse the various domains.
- 3- organize various practices and programmes related to inclusive education.
- 4- promote a culture of inclusive education in the class room interactions.

Course content

Unit-1

- A. Meaning, Concept and need of inclusive education in the present context.
- B. Identifying the policies & practices which hinder inclusive approach.

Unit-2

- A. Social, Economic and Gender discrimination, Delor's Report : Learning to live together.
- B. Ability and Disability domain based Educational practices and discrimination.

Unit-3

- A. Policies and programmes at school level to promote inclusion and prevent exclusion.
- B. Curriculum and teaching strategies to create an inclusive school. Role of teacher for creating inclusive school environment.

Unit-4

- A. Areas of evaluation and assessment policies which hinder inclusive education.
- B. Evolving a framework of policies for management of education at school level from the perspectives of inclusiveness in areas such as physical/mental/social handicaps and educational disabilities.

Transactional strategies

- Using Case methods to highlight the events of exclusion.
- Discussions on causes of exclusion and measures to mitigate their effect.
- Brainstorming sessions on promoting a culture of inclusive practices at school level.

- Reflective readings on excerpts from documents such as that of UNESCO.

B.Ed.
Fourth Semester

Course BED 401 Environmental Education in Indian Perspective

Objective

- 1- To provide knowledge about environmental degradation.
- 2- To provide awareness about role of mass communication in environmental education.
- 3- To explain different strategies for making environmental education effective.
- 4- To impart knowledge about population and health education.

Course Outcomes

After completing the course the student will be able to -

- 1- acquire awareness about degradation of environmental conditions and the impact of environment of society.
- 2- understand the concept of mass communication and list its role in propagation of environmental education.
- 3- analyse different strategies for making environmental education effective.
- 4- equip themselves with the importance of population and health education and assess its impact on environmental education.

Course content

Unit-1

- A. Environment: Meaning, different dimensions and components. Environmental pollution: Meaning and kinds, Environmental degradation, role of the teacher in prevention of environmental pollution, environment in the Indian society.
- B. Ideas of Mahatma Gandhi, Tagore and J. Krishnamurti in relation to environmental protection.

Unit-2

- A. Environmental Education: Meaning, objective, need and importance. Factors influencing environmental education, expectation from environmental education and teachers training institute.
- B. Various resources of environmental education and methods of its use. Role of mass communication in propagation of environmental education.

Unit-3

- A. Strategies for making the environmental education effective: Lecture, discussion, project, simulation & simulation games, problem solving, enquiry & field work and their uses and limitations.
- B. Evaluation and conducting of the programmes of environmental education and difficulties encountered there in, The role of action research in solving Environmental problems.

Unit-4

- A. Role of Indian values in environmental education, responsibilities of teachers in development of environmental awareness.
- B. Environmental education based on environmental management and community: Meaning of environmental management. Importance of population education and health education with

reference to environmental education.

Practical work

1. *Collection of Statements and ideas related to Environment and its Conservation from Indian literature.*
2. *Construction of Project based on Environmental Education/ Pollution Control.*

Transactional strategies

The course will be transacted through interactive lecture, discussions, problem solving enquiry and field work for making the environmental education effective.

***Course BED 402* Guidance and Counselling in School**

Objective

- 1- To provide knowledge about meaning, need, objectives, scope and status of guidance in Indian content.
- 2- To provide detailed knowledge about various guidance services.
- 3- To develop knowledge about meaning and techniques of counselling.
- 4- To illustrate the use of tools and techniques for guidance.

Course Outcomes

After completing the course the student will be able to -

- 1- understand the concept ,need and status of guidance in Indian content.
- 2- explain educational, vocational and personal guidance.
- 3- understand the concept of counselling.
- 4- equip themselves with the use of standardised and non-standardised tests, interview, observation, case study autobiographical description techniques of guidance.

Course content

Unit-1

- A. Guidance: Concept, need, objectives, scope and status of guidance in Indian context.
- B. Principles and basic assumptions of guidance, various theories of guidance, modern trends and problems of Guidance in Indian context.

Unit-2

- A. Kinds of guidance: Educational, Vocational and Personal.
- B. Needs of guidance for special children: Ongoing efforts in this field.

Unit-3

- A. Counselling: Meaning, conceptual similarities and differences between guidance and counselling, relevance of counselling in present context, organization of guidance and counselling services in schools.
- B. Techniques of counselling: Directive, Non-directive and Eclectic counselling: objectives, steps, characteristics and educational implications.

Unit-4

- A. Evaluation techniques used in guidance: Standardized and Non-standardized tests, interview, observation, case study, autobiographical description, their merits and demerits.
- B. Formation of cumulative records : Step and importance.

Transactional Strategies

The course will be transacted mainly through practical work such as the following :

- Preparing the cumulative record of any two students by collecting data through case study method.
- Conducting a counselling session based on the problem of two students by using appropriate counselling technique and preparation of report thereon.

Course BED 403 School Management

Objective

- 1- To enable the students to understand the basic management functions.
- 2- To develop competencies in using SWOT analysis for improving school management.
- 3- To orient students with the concept of TQM
- 4- To acquaint students with transactional and transformational leadership attributes.

Course Outcomes

After completing the course the student will be able to -

- 1- understand planning, organizing, leading, motivating and controlling as basic management functions.
- 2- use the result of strength, weakness, opportunities and threats (SWOT) for better management of classroom and school system.
- 3- explain the concept of total quality management and apply it for effective school management.
- 4- equip themselves with appropriate skills and competencies for effective participatory management and of accountability in school transactions.

Course content

Unit-1

Basic management functions: Planning, organizing, leading, motivating and controlling and their implications for effective school management.

- A. Using management functions for an effective classroom management in schools.

Unit-2

- A. Needed skills for conducting strength, weakness, opportunity and threat (SWOT) analysis for improving school management.
- B. The technique of 'Can do' / 'Will do', 'Cannot do' / 'Will not do' to enhance competence in school/classroom management.

Unit-3
